

# Mobile Tickets: FAQ

## What are mobile tickets?

Mobile tickets are tickets delivered in a Mobile PDF or Apple Wallet format specifically designed for smartphones. Mobile tickets are emailed directly to you as a link within your email. You will receive two emails after your purchase – one will be your order confirmation (does not include tickets) and the second email will be sent in December and will contain your mobile tickets that can be added to Apple Wallet or scanned on your smartphone for entry.

# Benefits

- **Avoid waiting in “Will Call” lines to pick up your tickets.**
- **Prevent your tickets from getting lost in the mail.**
- **No need to print your tickets! Simply present your smartphone with tickets at the gate.**

## Special Notes

Mobile tickets will arrive as a link within the email you will receive in December. All tickets for the same event will be in one link. If you are using any spam filters and want to ensure that you receive the email containing your tickets, please add our email address, [tickets@fiestabowl.org](mailto:tickets@fiestabowl.org), to your approved spam filter list. Please set your email to accept attachments.

Mobile tickets may be used on any type of smartphone with a PDF viewer (such as Apple, Android, Windows, Blackberry, etc). Apple Wallet files may only be used on Apple iPhones with the Wallet app.

**In December, you will receive an email with either your mobile PDF ticket(s) or Apple Wallet ticket(s).** *Be sure to save this email (all tickets for the same event will be in one link) or add the tickets to Apple Wallet as you will need to present it for entry.*

**The PlayStation Fiesta Bowl and the Cheez-It Bowl scans all tickets at each facility using the barcode on each ticket.** *Each ticket should be treated like any other valid ticket.*

Mobile tickets are individually barcoded allowing one scan per entry. Any attempts to duplicate, alter, or sell copies of the mobile ticket may result admittance being refused to the event. This provides heightened security by identifying counterfeit and stolen tickets.
